Listening to God

Last Sunday, Rev. Greene began a series entitled, "Listen to Me- Listen Well. He reminded us that listening requires humility. That means realizing that we don't know it all, that there is someone who knows more than we do. That someone is God because He knows more about us than we do.

He noted that sometimes we miss what God is saying. He said that faithful listening is more than hearing the words. We must learn to listen well because faithful listening leads to faithful living. Have we asked ourselves what it means to listen well.

We must acknowledge that God talks to us all of the time. Sometimes we must acknowledge that we are not listening because we don't know how. We don't know what is required. We need to ask ourselves what it is that

Problems

Pastor Greene

MLK Church

I am not doing as I try to listen to God. Am I taking time to sit and be quiet. Do I stop and do as the hymn writer says, "be still and know that I am God." One of our real problems is staying still and allowing God to speak. Wait, it is not in the allowing God to speak because He is always speaking. It is more in terms of allowing ourselves to be still. Stop. Practice stillness and silence. Turn away from phones, the tv and other on going distractions. Ask yourself, what is keeping me from quiet time with God. The devil is determined to keep your mind occupied. Resist.

This is only the first step. Once you have found the way to be quiet. You have begun to find ways to hear what God is trying to tell you.
